These slim, packable packs by Jandy Brands fight the gross factor of public toilets.

Favorite travel must-haves

We know you need your smart phone, and probably your tablet and laptop, but add these essentials to your checklist and you'll be good to go!

Versatile black shawl

Warmth for planes and meeting rooms, this AprilMarin shawl looks good with anything and compresses without wrinkling; plus it can be monogrammed with Alpha Phi letters.

Noise-cancelling wired headphones

The Bose QuietComfort 25 is ranked one of the best and tunes out everything you don't want to hear.

Portable phone charger

Don't be powerless. The sleek mophie powerstation quickly charges all your USB devices.

You never know when you'll want a closer view of something—or somebody!
